PHOTOVOLTAIC SOLAR POWER KIT

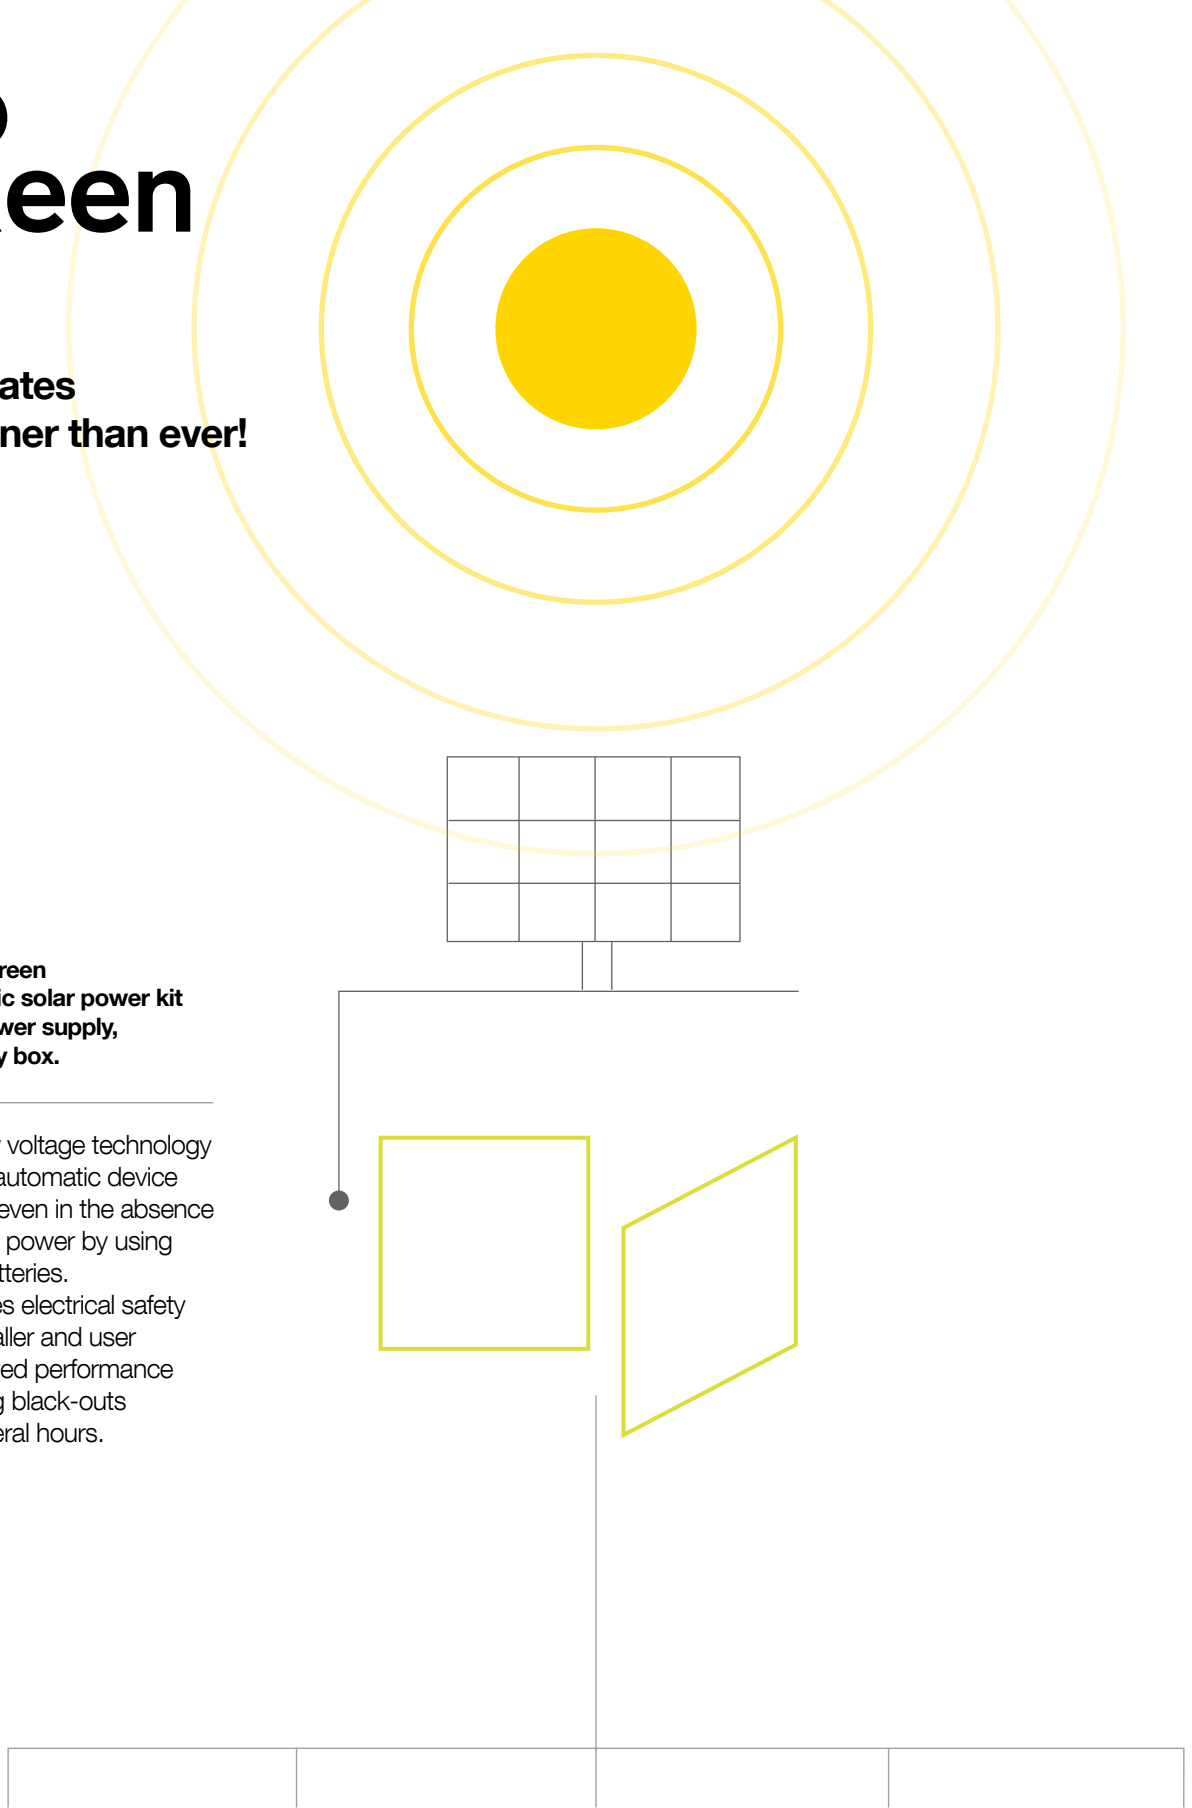

GO GREEN

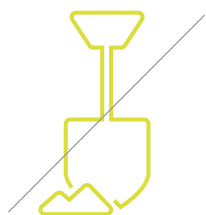

**KINGgates
is greener than ever!**

**KING Go Green
Photovoltaic solar power kit
for 24 V power supply,
with battery box.**

24 Vdc low voltage technology allows the automatic device to operate even in the absence of electrical power by using auxiliary batteries. This ensures electrical safety for the installer and user and improved performance even during black-outs lasting several hours.

**Can be installed
anywhere**

**No excavation
required**

Eco-sustainable

No black-outs

**Energy
savings**

Photovoltaic solar power kit for 24 V power supply, with battery box.

CAN BE INSTALLED ANYWHERE

Go Green is the new photovoltaic solar power kit designed by KINGGates. It can supply all 24 Vdc products with STARG8 24 control unit with no need for mains power.
