

**Novo Tx**  
**Wall or table radiotransmitter**  
**Rolling code**  
**433.92 MHz**

NOVO tx is the KINGgates 4 channel wireless transmitter. Designed to be wall mounted or used as a table top thanks to the anti-slip rubber included in the package.

NOVO tx is programmed as a normal transmitter and battery replacement is fast and easy.

*Metal protection  
dust painted*
